Looking for a new, creative way to dye your Easter eggs this year? Try an ombre color scheme, using your favorite color of choice.

Here's what you will need:

- Food color dye drops (1 color of choice)
- 6 dyeing cups
- 6 cups boiling water
- 6 spoons

Directions:

1. Add 1 cup of boiling water and 2 teaspoons of white vinegar to each of the 6 dyeing cups and stir, using a separate spoon for each cup.
2. Label each cup 1-6 and mix in food color dye accordingly:
 - Cup 1 = 2 drops of color
 - Cup 2 = 6 drops of color
 - Cup 3 = 10 drops of color
 - Cup 4 = 20 drops of color
 - Cup 5 = 45 drops of color
 - Cup 6 = 60 drops of color
3. Submerge a hard-boiled egg in each glass. Steep for 5 minutes or until desired color is achieved for each egg.
4. Place dyed eggs into empty egg carton to dry. Repeat process until all eggs have been dyed.
